White titanite has a powerful magical energy. Strengthens divine weapons to No.9, and occult weapons to No. 4. With the discovery of pieces in Lordran, Race to find the legendary slab Began. But can they just be a myth? Using accessibility The white titanium slab is ore in dark souls. White titanium slabs Using Ultimate Divine/Occult strengthen material. This allows for the strengthening of the Divine Weapon No.9 to 10 and 4 pounds of occult weapons up to 5 pounds. Where to find a white titanium slab On PC, SL120. I need them to reach the Divine Weapons, so if someone is up to trade about 8 that'd be great came to the rescue. Im also looking for a red titanium slab on my SL1 character to achieve the Weapons of Chaos if someone has one of those lying around!
